

CPD Framework leading to a BSc (Hons) in Applied Health Sciences Research Methods in Health and Social Care APPS3104

This module is mandatory for the award and has to be taken before, (or is a pre requisite to) the Independent Study.

Health care professionals must provide care that is based upon the best available evidence. They therefore need to make informed judgements as to what is best evidence, where it can be accessed and how it can be developed. In order to do this they must have an effective knowledge and understanding of the research process. This module facilitates this and provides a forum for the exploration of research theory and practice. The module also provides a foundation for the development and completion of the dissertation.

Assessment

A critical appraisal of a piece of healthcare research (3,000 words)

A research proposal (1,000 words)

How to apply

The majority of CPD Framework modules are funded by the NHS and therefore you need to complete 2 application forms:

- A University of Worcester Application Form
- Study Leave Form

University of Worcester Application Form

Please click on the following link to apply:
<http://www.worc.ac.uk/courses/howtoapply/774.html>

Study Leave Form

All students employed by a Worcestershire or Herefordshire NHS Trust have to complete a study leave form if they want (a) to study in works time, or (b) want the Trust to fund or part fund the course, or both. The Strategic Health Authority has asked that we only accept applications which are accompanied by a copy of an authorised study leave form.

Please ensure that funding for your study leave has been authorised by the Education lead for your Trust, before submitting your application, together with your study leave form.
