

CPD Framework leading to a BSc (Hons) in Applied Health Sciences Tissue Viability APPS3107 - Level 6

Health Care Professionals take the main responsibility for the prevention and management of wounds in the primary and secondary care settings. As practitioners, accountable for their practice, it is important that they develop the knowledge base and expertise necessary to provide an evidence-based approach to the assessment and management of wounds.

This module is designed to meet the learning and development needs of practitioners in relation to the rapidly expanding speciality of tissue viability and to facilitate the delivery of holistic care, derived from an evidence-base. It aims to integrate theory and practice as interrelated concepts and that this is evidenced in their clinical practice.

Assessments

There will be two components
Essay and Seminar presentation

(09.15 – 16.15)

How to apply

The majority of CPD Framework modules are funded by the NHS and therefore you need to complete 2 application forms:

- A University of Worcester Application Form
- Study Leave Form

University of Worcester Application Form

Please click on the following link to apply:
<http://www.worc.ac.uk/courses/howtoapply/774.html>

Study Leave Form

All students employed by a Worcestershire or Herefordshire NHS Trust have to complete a study leave form if they want (a) to study in works time, or (b) want the Trust to fund or part fund the course, or both. The Strategic Health Authority has asked that we only accept applications which are accompanied by a copy of an authorised study leave form.

Please ensure that funding for your study leave has been authorised by the Education lead for your Trust, before submitting your application, together with your study leave form.
