

Continuing Professional Development Framework leading to BSc (Hons) in
Applied Health Sciences (AHS)

Academic Induction Day for New Students

If you want to make the most of your studies on the BSc and get off to the best start, you should make every effort to get to the Induction Day. It's your chance to meet some fellow students and get lots of useful information about studying at University of Worcester.

The kind of topics the Induction Day will cover are:

- Structure of the AHS programme
- How to choose modules
- Student Services and support
- Student records, assessment submission, late submission, mitigating circumstances, marking scales
- Referencing guidance
- Time management
- Using the tutorial and personal tutor system
- How to get the most from your SOLE page
- Literature searching: using health databases and internet resources
- ILS facilities
- Critical thinking
- Types of assessment
- The proposal and dissertation
- International opportunities

Venue

University of Worcester

Please note that normal University of Worcester car parking charges will apply
