

Tuition Fee Policy

1. Introduction

- 1.1. The University of Worcester (the University) is committed to a fair and transparent policy in respect of charges made to a student of the University (whether they study at the University or a partner organisation).
- 1.2. The University annually charges tuition fees for its programmes of study. The University reviews these fees and its fees policy annually. Tuition fees for students are liable to change year on year reflecting increases in costs of delivery but are set in advance and are available on the University website at <http://www.worcester.ac.uk/your-home/course-fees.html>.
- 1.3. The University will use reasonable efforts to provide students and, where applicable, the student's sponsor(s) (an organisation or employer who is funding the student) with prompt notification of any fees or charges due to the University, along with details of the arrangements for payment.
- 1.4. Defaults on payment are treated seriously and may lead to sanctions being taken against the student, which are described in the University's Debt Management Policy at http://www.worcester.ac.uk/finance/documents/Debt_Management_Policy.pdf.
- 1.5. In addition to tuition fees, students may be required to pay Charges. These are all costs levied by or on behalf of the University other than tuition fees and may include Charges for accommodation, field trips, bench fees, fines, booking fees, breakage and debt collection.

2. Setting Tuition Fees

- 2.1 The University reviews its fees and its fees policy annually. The Board of Governors has overall responsibility for the University's fee framework.
- 2.2 The University reserves the right to amend and alter its fees following appropriate internal scrutiny and consultation. Changes will only be made as allowed by the terms of this policy.
- 2.3 Tuition fees for the first year of study will be stated in the applicant's offer letter.
- 2.4 Fees are likely to increase between academic years. The upper limit the University may charge undergraduate full and part-time UK and EU students for their tuition fee is currently set by the Government. All other fees are set by the University and where possible these increases will be kept in line with forecast RPIX inflation for the academic year, although the University reserves the right to vary fees by any amount when business conditions, such as delivery costs, make such increases necessary and appropriate.
- 2.5 Students on courses where whole duration fees are published or where year on year fee increases are specified in advance will not have additional fee changes made during the course of their registration unless a break in study occurs.

- 2.6 All fees published by the University are in GBP £ sterling unless stated otherwise.
- 2.7 The University will not raise the fee for modules or a programme of study during the course of an academic year.
- 2.8 The Director of Finance or nominee may vary fees or agree payment schedules.

3. Calculating Tuition Fees

- 3.1 The tuition fee for each student is determined by the subject, the level, the course, the mode of study, the number of academic credits that the student is taking and the student's fee status.
- 3.2 Students who are uncertain of their mode of study or fee status should contact the Admissions Office.
- 3.3 Full-time course tuition fees are charged at a set annual rate and are not calculated in respect of the number of credits being studied, unless a student is repeating modules or qualifies as a new entrant on a full-time course with recognised prior learning.
- 3.4 Part-time course tuition fees are normally based on the number of modules being studied and will be a pro rata of the full-time tuition fee. An additional administrative charge may be included within this fee.
- 3.5 Information about tuition fees is issued to students in their offer letter. Information for all programmes is also available from the University website. The exact tuition fee is calculated once students have registered, when the University has verified information on academic standing, eligibility for scholarships, partial fee waivers, financial penalties, fee status, funding position and other factors.
- 3.6 Students will pay tuition fees according to the fee regime in force at their initial registration on the programme of study, subject only to annual increases. This commitment will hold good for the normal course length plus two years. After this time has lapsed, if for any reason students have not completed their course, including periods of interruption, students will be charged the new fee regime. However, students eligible for tuition fee loans from the SLC under an old fee regime will continue to be charged this fee regime.
- 3.7 If a student is required to retake a module the retake is charged at a full module rate.
- 3.8 The University reserves the right to correct administrative errors and to recover associated shortfalls in fee. The Director of Finance or nominee will consider the impact this might have on a case-by-case basis to determine a payment plan if deemed to be appropriate.

4 Deposits

- 4.1 The University reserves the right to require a deposit towards student tuition fees.
- 4.2 Details of any deposit that a student is required to pay will be set out in the offer letter.
- 4.3 Where a deposit is required a place will not be guaranteed until it is paid and the University reserves the right to withdraw the offer of a place on the programme without further notice if the deposit is not paid by the date stipulated in the offer letter.
- 4.4 Deposits paid are normally non-refundable, however in exceptional circumstances a refund, after deducting administrative costs of £500, may be considered. Please see the University's terms and

conditions for further details: [Terms and Conditions](#).

5 Payment of Fees

- 5.1 Students retain ultimate responsibility for the payment of their fees, even if the fees are paid by a third party. The only exception is for students on programmes that have been directly commissioned by a third party.
- 5.2 All payments made to and from the University in respect of student fees, fines and other charges must be made in £ sterling. Any currency conversion costs or other charges incurred in making a payment or in processing a refund shall be borne by the student or the third party making or receiving the payment, and shall not be deductible from the amounts due to the University.
- 5.3 The University does not accept cash for payment of tuition fees. All payments must be made electronically by bank transfer or credit/debit card.

UK/EU (settled and pre-settled status)

- 5.4 UK/EU settled and pre-settled status students undertaking study lasting one or more academic year, may apply for a tuition fee loan from the Student Loans Company (SLC) in accordance with published guidelines. Students may also choose to make a full or partial contribution to their fees at the time of registration. Students may be required to provide the University with evidence that they have applied for a tuition fee loan from the SLC and that their application has been accepted. If the SLC withdraws financial support or refuses to pay all or part of a student's tuition fees, the student will be responsible for the fees and must pay promptly. Students who require funding from the SLC must apply for funding for each academic year.
- 5.5 UK/EU settled and pre-settled status students not eligible for or not electing to take out an undergraduate tuition fee loan are normally required to pay their fees in one of the following ways:
- in full at registration,
 - in six equal instalments by credit/debit card starting on the 1st day of the month following the course start date as detailed below (3 instalments if studies completed within 1 Semester)
