

Research degrees

Being a research student, whether full or part time, will allow you to explore a subject in depth at Masters (MPhil) or Doctoral (PhD) or Professional Doctorate level.

We welcome enquiries for research applications but specialize in supporting students working in the following areas:

- Learning and teaching in a range of educational contexts
- Special and inclusive education Literacy in the primary school
- Research in teacher education
- ICT in education
- Religious education

For more information on research courses please contact the [Graduate Research School](#) on 01905 855214.
