

Facilities

The facilities for Fine Art have recently been moved to a purpose designed block of buildings called The Garage situated between the City Campus and St John's Campus.

Teaching takes place in a range of studio and workshop spaces which have been designed specifically to accommodate the range of practices explored on the course.

Students are encouraged to use the spaces outside of teaching time to develop an open plan studio ethos based on year groupings that will facilitate the development of your creativity and skills.

The Garage

Dan Roach, Art Technician and Demonstrator, talks about The Garage; the University of Worcester's dedicated fine art workspace.
