

Graduate Internship Scheme

How could you benefit from our Graduate Internship Scheme?

The University has partnered with Graduate Advantage, a regional project part-funded by European Regional Development Fund (ERDF), to recruit and retain graduates in the West Midlands.

Internships offer graduates the opportunity to make practical contributions to the work of employers and to further develop their own skills and knowledge. For employers the scheme offers a simple and easy way to inject fresh talent into their workplace and to experience first hand the positive impact employing a graduate can have on their business.

Key aspects of the internship scheme:

- Internships can last anything from two days up to twelve months.
- Internships can be full time or part time.
- We offer a FREE matching service to employers to advertise their jobs with us and then we match them with graduates from our graduate pool we possess.
- We work with graduates from ALL industry sectors located in the West Midlands.

More specific information for both Graduates and Employers can be found on the left of this page.

Alternatively get in touch with Laura Lewis (01905) 855354, or e-mail: laura.lewis@worc.ac.uk

By placing our design graduate onto this professional course, we have been able to fast track the development of his business and project management skills and make him commercially aware." Julie Crompton, [Monster Creative](#)

Employability

We are committed to making sure our graduates have the right skills and support to start a great job when they graduate. Our salaried internship scheme has already launched over fifty students onto their chosen career paths.
