

# Societies & teams

All of the University of Worcester's sports teams and clubs are run by [Worcester Students' Union](#). As well as offering a great social platform in which to meet students who share your sporting interests, many of these clubs and teams compete nationally against other universities as part of the BUCS (British Universities and Colleges Sport) Leagues and Championships.

Each of our sports clubs have their own 'minisites' on the [Students' Union website](#):
