

Sports scholarships

If you have an outstanding record of achievement in a particular sport and want to combine this talent with study at a university with a proven reputation, then you may be eligible for a sports scholarship at Worcester. Our sports scholarships and bursaries represent a very special partnership with four of the region's top sports teams: [Worcestershire County Cricket Club \(WCCC\)](#), [Worcester Hockey Club](#), [Worcester Wolves Basketball Club](#) and the [Worcester Warriors Rugby Club](#).

The scholarship was definitely my stepping-stone onto the Worcestershire first team. It has allowed me to continue my studies and to train with the team.

Daryl Mitchell - Sports Scholar and captain of WCCC

Sports scholarships are a tremendous opportunity for anybody with skill and dedication. We are looking for an able intellect combined with relevant sports potential and ambition to succeed on and off the field.

Combining study with sport

For all awards, scholars will follow a three/four year degree course and are required to take an active part in Worcester's Students' Union teams for British University competitions. It is also hoped that selection for representative teams will occur.

Each scholarship will normally be available for three years, although each is reviewed annually. Be aware that scholarships are the subject of Annual Performance Reviews and University participation records.

The Institute of Sport and Exercise Science has an appointed mentor who supports identified athletes on the Talented Athlete Sport Scholarships initiative.

Overseas opportunities

An opportunity exists each year for a Sports Studies student to apply for the sports scholarship to spend up to a semester with a partner college in Australia and undertake work experience.
