

University Policies & Procedures

This page contains links to those policies, procedures and associated guidance that apply across the University. It therefore aims to provide a reference guide to such information housed on departmental webpages.

This page is managed by the Senior Project Manager: Corporate Policies based on information from departments. Queries relating to potentially missing information, or to broken links, etc. should be addressed to [Julian Bancroft-Martin](#). Queries about the policies, procedures or guidance themselves should be addressed directly to the author, where known.

Links will open in a new tab/window, either as a Word document, a PDF or a webpage.

New or revised policies and processes should align with the [University's Policy Framework](#). Blank templates for [Policies](#) and [Procedures](#) are linked here; advice and guidance on their use can be sought from [Julian Bancroft-Martin](#).
