

Nutritional Therapy Clinic Appointments

Clinic appointments are not offered before 9am or after 6pm.

We do offer a blended approach to clinic meaning that you can be seen either in person at our student clinic or online depending on your availability and the availability of the student Nutritional Therapist and clinic assessor.

In general face to face appointments are conducted on a Wednesday and Friday from 9.30am to 3.45pm along with the opportunity for online appointments also.

Once you have been allocated to a student Nutritional Therapist they will be in touch with you to arrange your appointment. Please do check your junk and spam email folders as often emails can fall into these folders. When you have been allocated to our clinic you will be offered two appointments with your student Nutritional Therapist. The first will be your initial appointment that may last up to 1.50 hours in duration and then a follow up appointment roughly 2 – 3 weeks later that will be 45 minutes to an hour long. Please ensure you attend both appointments and are in a quiet and private place for them as personal health details will be discussed.

If you have any further questions please contact our student Nutritional Therapy clinic at the following email address nutritionaltherapyclinic@worc.ac.uk or visit our webpage for further details
