

MSC ADVANCED CLINICAL PRACTICE VIRTUAL INFORMATION SESSION

29 JUNE 2021 (1.30 – 2.30PM)

Our Advanced Clinical Practice MSc is a multidisciplinary programme that is open to experienced healthcare professionals seeking to develop knowledge and skills in their specialist area to Masters level. The objective of the programme is summarised in the West Midlands Advanced Clinical Practice (HEE 2015) definition and in line with the multi-professional framework for Advanced Clinical Practice (NHS England 2017).

Our postgraduate scheme enables you to study part time and provides an opportunity to facilitate a personally focussed course to meet the needs of your role, speciality and sector.

This information session will provide an opportunity to meet with members of the course team to find out more about the course and discuss your requirements.

Please register your interest in attending via our [online link](#) or for further details contact Joanne Fleet: j.fleet@worc.ac.uk

“I highly recommend this course to those practitioners who have a desire to rise to the challenge of realising their full potential in the workplace while learning something about themselves in the process” MSc graduate
